Recruit with Smith

Smith’s Master of Financial Innovation & Technology (MFIT) is a unique 12 month program that allows students to earn a world class degree while they continue to work. The program develops a unique combination of skills consisting of a deeper understanding of financial models and data and technology.

Why Smith’s MFIT?

• **Experienced and diversified talent:** Our students offer an average of 9 years work experience across diverse industries such as automotive, consulting, energy, financial services, retail and technology.

• **Cutting edge program:** This brand new one of a kind program provides a solution to the fast-growing need in the financial sector for leaders with a solid understanding of finance, data science and machine learning.

• **Practical curriculum and application:** The program provides a foundation for students to leverage knowledge and tools immediately from theory to real-world application. This coupled with the SmithEdge, a leadership and career development philosophy, will prepare graduates to thrive in today’s business environment.

• **Certifications:** Students are able to apply the content from the program towards certification requirements for a Certified Associate in Project Management (CAPM, or a Project Management Professional (PMP) with the Project Management Institute (PMI).

We make it easy to engage and recruit our students

• **Market-ready talent for just-in-time roles:** Classes take place on weekends and evenings, allowing students to work full-time while completing the degree.

• **Information sessions, networking events, roundtables, coffee chats:** Throughout the year, we offer a variety of events that companies can engage in. As well, we are happy to create a customized event for your firm.

• **Guest speakers:** Industry practitioners are often invited to participate in speaking events, panels, and case competitions. This creates fantastic opportunities to connect with MFIT talent.

• **Personalized career centre support:** With dedicated industry experts, your firm will received personalized attention. Our Relationship Managers will work with you to determine the right recruiting strategy and support your hiring needs from new graduate roles to experienced hires.
