

KIS Project Overview

Mr. Jeff Dixon

KIS Project Goals

- **“To strengthen the relationships, the channels and the communications products to find, translate and deliver academic knowledge (both from the literature and from the academic team) to increase the rural economic vitality of Eastern Ontario”**

To Mobilize Knowledge!

KIS Project Objectives

- 1. Inventory rural Eastern Ontario's economic development challenges and resources**
- 2. Highlight appropriate academic knowledge**
- 3. Translate academic knowledge into useful information for the target audiences**
- 4. Connect the knowledge resources with the people who can use them by building strong relationships**
- 5. Provide a feedback mechanism to support academic/practitioner relationships and address needs as they arise**

KIS Project Objectives

Collaborate and Serve Eastern Ontario
