TEACHING EXPERIENCE

**Smith School of
Business, Queen's
University**

Lecturer

Financial Accounting and Analysis: MBUS 811

2019 Fall Term

This course advances Executive MBA students' understanding of how to use, analyze and forecast financial information, as well as improve financial literacy. The focus is on financial accounting and reporting, its limitations and its role in capital markets.

Foundations of Accounting: formerly MBUS 810 (co-taught)

2019 Spring/Summer

This non-credit course introduces Executive MBA students to financial statements, accounting principles, and accounting systems (mastery is required for Opening Session attendance). It also includes two in-session classes on corporate financial reporting and financial analysis.

Financial Accounting: Valuation and Analysis: MBUS 834

2019 Fall Term

Accelerated MBA students learn a framework for business analysis and valuation, using public financial information to critically analyze what financial reports are telling us, why firms report or withhold certain information, and how to be sophisticated users of this information.

Introduction to Financial Accounting: COMM 111

2019 Fall Term

This course introduces Commerce students to financial accounting and enables them to read, interpret and analyze corporate financial reports.

Financial Accounting: COMM 211/611 online

2018 Fall, 2019 Spring, 2020 Winter Terms

This course introduces non-Commerce students to accounting and financial reporting in order to understand and use accounting systems as well as read, interpret and analyze corporate financial statements.

Financial Accounting I: COMM 311

2014, 2015, 2016 Fall, 2018, 2019 Winter Terms

Building on fundamentals learned in introductory financial accounting, the focus is on financial statements and their interaction, revenue recognition, and assets.

Financial Accounting II: COMM 313 (co-taught)

2016 Winter Term

Building on previous courses in financial accounting, the focus is on liabilities, equity, and the statement of cash flows.

Auditing: COMM 317

2015, 2016, 2017, 2018 Winter; 2017, 2018, 2019 Fall Terms

Various topics including the demand for assurance, risk assessment, audit planning, internal control over financial reporting, the audit risk model and audit evidence are explored in this course.

Audit Effectiveness: An Evidential Approach: MACC 816

2018, 2019 Summer Terms

This graduate-level course in auditing explores risk assessment, internal controls, business process evaluation, reporting, auditor independence and ethics, and the regulatory environment.

Introduction to Management Accounting: COMM 112, 212/612
2018, 2019, 2020 Winter Term

This course introduces students to the fundamentals of management accounting within the organization.

Intermediate Management Accounting: COMM 312
2015 Fall Term

Management accounting concepts and their use in managing an enterprise are explored in this course.

Corporate Governance and Control: COMM 415
2016 Winter Term

The role of corporate governance within organizations and in society is explored in this course, as well as various approaches to corporate governance and risk management frameworks.

CPA Ontario

CPA Professional Education Program Facilitator

2015, 2016, 2017, 2018 Various terms: Assurance Module

The objective of the Assurance module is to equip CPA candidates with the competencies necessary to perform both internal audit projects and external assurance engagements. The focus is on key concepts of auditing including risk, materiality, and internal control.

2017, 2018, 2019 Spring, 2020 Winter: Capstone 1

In this culminating course, candidates work in teams on an integrative case and learn to hone skills in teamwork, negotiation and oral communication as well as technical skills.

2019 Summer: Capstone 2 (*role: Associate Session Leader*)

This module prepares CPA candidates for entry into the profession by applying the competencies acquired throughout the CPA program in complex and highly integrative cases.

2016 Summer: Capstone 2 (*role: Day 3 Case Marker*)

See above description of Capstone 2.

2014 Fall: Core Module 1

Topics include financial accounting and reporting, management accounting, audit and assurance, finance and taxation.

**Chartered
Accountants
School of Business
(CASB)**

On-line Facilitator

2007, 2009 Spring and Fall Terms: Module 3

Various topics including business combinations, hedging, foreign currency translation, audit and assurance, corporate taxation, leases, Cost-Volume-Profit analysis.

2006, 2007 Summer and Spring Terms: Module 2

Various topics including audit risk, materiality, audit assertions, internal control, audit of business cycles, financial statement analysis,

incorporation, business valuation, tax deferred rollovers, personal taxation.

2006 Spring Term: Module 1

Various topics including owner-managed enterprise accounting, financial statement preparation, personal taxation, cash flow analysis, assurance, flexible budgeting, break even analysis.

CASB Contractor

2007 – 2009 Exam Reviewer
